Request for Access to Not Evaluation of 1956 (for mid-1959)

- 1. This is to request that access be granted to the subject document for William F. Dendy of this Agency. Mr. Dandy is Deputy Assistant Director for Estimate Setimates and is currently acting as chairmen of a special working group propering an estimate of Soviet ellocation of nuclear materials (Fart II of NIE 11-2-57). The crucial issue in this exercise is the Soviet weapon requirement, under realistic combat assumptions, for attack on the ES and particularly on ES muclear striking power. This requirement, in turn, determines the possible range of allocation for all other weapons uses of nuclear material. We believe that without access to the net evaluation Mr. Bundy's knowledge would be seriously reduced.
- 2. It is not of course pleased that is. Sandy would discuss the contents of the study in any way except with persons who have already been granted scoops to it.
